

## **60B What needs to be done to conserve trees**

- 30 Planning authority needs more enforcement officers
- 33 Generally tree planting should be carried out where possible
- 41 Council issues conservation orders, but fails to maintain thereafter
- 81 Pleased to see trees replaced after car damage at pinch points
- 107 Preservation orders need to be put on key trees
- 144 There is always room for improvement and trees managed better
- 149 Regular maintenance of council owned trees
- 168 Sandon church path to village hall - lime trees need attention
- 170 More policing by the neighbourhood liaison officer - as people often fell trees
- 184 Permission to remove should be authorised by CBC
- 193 More tree planting round playing field
- 204 Lots of dead trees in Lintons near pond that need removing and replacing
- 215 Replace lost trees on lintons and replace dead laurel hedges!
- 243 General comment - more trees should be planted
- 244 Professional review followed by regular maintenance
- 266 Cut back, but any sharp bits need to be picked up
- 278 More planted, public prevented from cutting (made aware)
